European Long-Term Investment Funds (ELTIFs) in a Nutshell

What you should know about ELTIF 2
European Long-Term Investment Funds (ELTIFs) in a Nutshell

1. ELTIF: DISTRIBUTING ALTERNATIVE STRATEGIES TO NON-PROFESSIONAL INVESTORS

Regulation (EU) 2015/760 on European long-term investment funds (ELTIF) will be amended by the revised ELTIF Regulation which shall apply from 10 January 2024.

The Luxembourg industry (and Elvinger Hoss Prussen in particular) have played an instrumental role historically in structuring investment products accessible to retail investors. More recently, we have been structuring investment funds, whether open-ended or closed-ended, that provide alternative strategies to non-professional investors.

These ‘democratized’ vehicles have been structured mainly as ELTIFs or Luxembourg undertakings for collective investment setup under part II of the Law of 2010 or the combination of ELTIFs and Part II structures. The Part II fund is a Luxembourg domestic AIF that may accept all types of investors, including retail.

The ELTIF regime enables alternative investment fund managers to market their AIFs in the EEA with a passport to retail investors. Part II funds have been well-known to investors beyond the EEA for several decades.

An ELTIF may be set-up as a Part II fund (or a compartment thereof) to release the full potential of its retail marketing passport.
